### POSITION OVERVIEW

The Canadian P3 market has recently been one of the most active globally, with more than 250 projects valued at over \$120 billion now completed or underway. The initial focus on social infrastructure, primarily in the areas of healthcare and justice, has extended to other sectors such as transportation, transit, communications, water and wastewater, social housing and alternative delivery models for public services. The U.S. P3 market is also expanding strongly.

We are looking for a mid-level corporate associate to join our thriving P3 team. Our P3 team has played a significant role in many public-private partnership (P3), alternative financing and procurement (AFP) and construction projects for our clients. In this role, you will provide advice to our clients on major capital projects, including P3 and AFP projects in multiple sectors. The work includes commenting on, drafting and/or negotiating concession and project agreements, major subcontracts (both construction contracts and service contracts), financing documents and equity arrangements.

The ideal candidate will have:

- at least 2 years of corporate, commercial or financing experience;
- both Ontario and New York bar admission;
- experience advising clients in respect of contract drafting, negotiation and administration, risk identification, evaluation and management;
- experience representing private developers, public authorities, lenders, construction contractors and/or service providers in the implementation of large-scale infrastructure and large scale projects;
